

# Massachusetts Department of Fire Services **FIRE PREVENTION OFFICER Training Program**

## Accessing the On-Line System

The Fire Prevention Officer – Basic program is available through the Executive Office of Public Safety and Security eLearning site. This site can be accessed from the Fire Prevention Officer page on the DFS website or directly at <https://eopsselearning.com>.

The screenshot shows the EOPSS eLearning login page. At the top, it says "You are not logged in. (Login)". Below that is the "EOPSS eLEARNING" logo. A navigation bar has "Home" and "Login to the site". The main content area has a blue header "Returning to this web site?". Below it, a message says "Login here using your username and password (Cookies must be enabled in your browser)". There are input fields for "Username" and "Password", and a "Login" button. Below the fields, it says "Forgotten your username or password?" with a link "Yes, help me log in". At the bottom, it says "You are not logged in. (Login)" and "Home".

Once into the system you will need to log in with a username and password. (In preparation for the launch of this training DFS preloaded students from our existing training database. That being said, not all of our records were complete so, although we have almost 5,000 firefighters entered into the system you may not be there. If we did not have a driver's license number on file we were not able to enter you into the system.)

Username: MFA Student Identification # \*

Password: onlinelearning

\* If you do not know your MFA Student Identification Number please call our registration group at (978) 567-3200. If you do not have an MFA Student Identification Number, or you know that your driver's license number was not on file with us, please follow the "Request an MFA Student Identification Number" link on the Fire Prevention Officer Credential web page and complete the form.

On the first log in all users will be asked to change their password as well as verify the information in their student profile. You may also click on the "Yes, help me log in" link on the eLearning welcome page.
